**Notes:**

- This response is based on the most recently published data from our Housing Management System (Waiting List data as at 30/06/2024 & Allocations data up to 30/06/2024).
- Waiting List data is a snapshot of the waiting list as it was on the last day of the specified quarter, in this case 30/06/2024.
- In order to prevent data duplication, the number of applicants on the Social Housing Waiting List is based on their 1<sup>st</sup> area of choice only.
- Allocations data is a rolling 5-year total, in this case allocations from 01/07/2019 to 30/06/2024.
- The tables show Waiting List & Allocations data in the requested Common Landlord Areas (CLAs) only.
- UK GDPR and Data Protection Act 2018 - It is important to note the GDPR & Data Protection Act 2018 regarding the potential risk of identifying individuals and individual households. Guidance from NISRA suggests that equality monitoring information should not be disclosed in sensitive cases where individuals or individual households could be identified. Also, the Information Commissioner's Office (ICO) 'Anonymisation: Managing Data Protection Risk' Code of Practice states 'where less than 10 responses have been given to an answer that identifies something factual, all variables relating to that question have been suppressed'. However, 'it should be noted that attitudinal questions are not bound by this rule, in addition to responses of 'Don't know', 'Refused', 'Other' or similar'. As the information provided is considered sensitive, some statistical disclosure controls may have been placed on the tables with the omission of data in cases where there are less than ten Applicants.
- <10 are cases where numbers are less than 10.
- \*Totals minus cases where numbers are less than 10; the totals marked with an asterisk have been harmonised between the two tables (higher of the two values is used in those cases where cross-referencing the tables would remove statistical disclosure controls).
- The figures have been drawn from an administrative IT system (Housing Management System) which, as any large-scale recording system, may contain data entry errors.

Waiting List figures are produced quarterly and so the most up to date figures are as at 30<sup>th</sup> September 2024. However, Waiting List Statistics are included in the Department for Communities Housing Bulletin which is designated as a National Statistic.

Section 13(1) of the Statistics and Registration Services Act 2007 states that 'the person producing any official statistics which are designated under section 12 as National Statistics must ensure that the Code of Practice for Statistics under section 10 continues to be complied with in relation to those statistics.' Provision of the requested figures before publication of the DfC Housing Bulletin in which the dataset from which they would be drawn is published would be a failure to comply with the Code in respect of parts [T3.3 and T3.4](#).

The September 2024 figures are therefore currently exempt from disclosure under Section 44 of the Freedom of Information Act - disclosure prohibited by other legislation. The March 2023 figures can be made available upon request subsequent to the publication of the Bulletin, which is currently expected around the start of December.

This concludes our response.
